## Transfer Form from Dr. Daniel Bruckner to Dr. Ofir Mekel

This is to request that your children's care and previous medical records be switched from Dr. Daniel Bruckner to Dr. Ofir Mekel.

If you have recently filled out our new annual paperwork online within this last year, we will transfer it to your new account with this signed form.

If there is any outstanding balance from visits before January 1, 2023, you will receive a separate statement from your account with Dr. Danny.

The annual fee paid in 2022 with Dr. Danny will renew at the same time with Dr. Ofir in 2023.

We would like to help make this transition as easy as possible so if you have any questions, please free to email Kristin or Lainie at [billing@balboapediatrics.com](mailto:billing@balboapediatrics.com)

If you wish to transfer to a doctor outside of this office, please obtain the proper transfer of records form from either the new office or from our website. The above form will only suffice for those transferring care within our office.

Please list all children's names and DOB:
